

# PACKAGING TAPE 875

## PREMIUM PAPER FLATBACK TAPE

### DESCRIPTION:

Premium flatback tape developed with a rigid backing to provide stiffness and security during splices. Manufactured with high performance adhesive that resists humidity and temperature conditions up to 400°F

### CONSTRUCTION:

|                 |                |
|-----------------|----------------|
| <b>BACKING</b>  | Flatback Paper |
| <b>ADHESIVE</b> | Rubber -Resin  |
| <b>COLOR</b>    | Blue           |

\*Product presentation may be different that picture.

### TYPICAL APPLICATIONS:

Blue color provides easy identification when used for splices in a vast variety of materials since cardboard until rough sand paper. Ideal to be used in sealing beams on cardboard to protect flooring materials.

### PHYSICAL PROPERTIES:

|                     | METRIC SYSTEM | ENGLISH SYSTEM | TEST METHOD   |
|---------------------|---------------|----------------|---------------|
| Thickness           | 0.23 mm       | 9 mils         | IACA-147      |
| Adhesion to Backing | --            | --             | ASTM D-3330/M |
| Adhesion to Steel   | 816 gr/cm     | 73.1 oz/in     | ASTM D-3330/M |
| Tensile Strength    | 8.9 kg/cm     | 50 lb/in       | ASTM D-3759   |
| Elongation          | 3%            | 3%             | ASTM D-3759   |
| Temperature         | 204 °C        | 400 °F         | -             |

**Note:** All figures shown are typical average values obtained from evaluations to fresh cut rolls and should not be considered as guaranteed specifications. Customer's entire responsibility is to ensure that product is suitable for the intended use.

### AVAILABLE SIZES:

**Note:** For other available sizes please contact your sales representative..

| TYPE | SIZE       |
|------|------------|
| 875  | 19mm x 50m |
| 875  | 25mm x 50m |
| 875  | 30mm x 50m |
| 875  | 38mm x 50m |
| 875  | 50mm x 50m |
| 875  | 75mm x 50m |
| 875  | 100mm x50m |

**PACKAGING TAPE 875/  
PREMIUM PAPER FLATBACK TAPE**

**Guarantee:**

Industrias Tuk, S.A. de C.V. guarantees its tapes to be free from defects in materials and workmanship. This guarantee excludes all those events related to the tape performance for any specific objective, purpose or any particular use, as well as those having its origin from the way of use, costumes or any application practices. The buyer must determine if the product is adequate for his specific purpose.

**Limitation of resources:**

In the event that the proof of defect is effective, then the only obligation of Industrias Tuk, S.A. de C.V. will be to substitute the quantity of the product that has been proved defective or reimburse to the buyer the corresponding amount calculated at the purchasing price under which the goods were acquired.

**Limited Responsibility:**

Industrias Tuk, S.A. de C.V. will not be held responsible for any direct, indirect, special, secondary or subsequent damages; neither for any implicit collateral costs or any related expenses derived from and within the course of the event; nor for those costs or charges based on the concept of negligence, strict liability or any other legal theory.

**Shelf Life:**

There might be a decay of the original properties of adhesive tapes caused by the natural aging process and, such changes, can be catalyzed by inappropriate warehousing practices. In order to optimize the performance of the tape, it is recommended to use the product within six months period counted from its manufacturing date and keep it always in a fresh place, away from dust, sun rays and rain; whenever possible, always within its original package.
